What happens when you make a complaint

Firstly, we would like to apologise that you have felt the need to complain about the services that you or your friends/families have received.

Lincolnshire Community Health Services NHS Trust takes all complaints very seriously and will investigate your concerns in line with the NHS Complaints Regulations 2009.

What happens when we receive your complaint?

- You will receive an acknowledgement within three working days.
- This will be by a phone call from the Complaint Team followed by a letter confirming who will be investigating your complaint.
- You will then receive a phone call from the investigating officer. They will introduce themselves to you and talk through the key elements of the complaint.
- The investigating officer will then compose a complaint plan based on your discussion with them, or if you would prefer they will commence the investigation from your original complaint letter.
- The investigating officer will then commence the investigation and a response will be sent to you within the agreed timescale.

The Response

- You will be given the option to receive your response either by letter or through a meeting. The meeting can be at your home or an NHS building.

Consent

- The NHS has a duty of confidentiality towards service users. If you would like to make a complaint on behalf of someone else, we would require consent from the service user.

Keeping Informed

- Whilst the Complaints Team will keep you fully informed throughout the investigation, if you have any queries or would like an update on how your complaint is progressing, please do not hesitate to contact the team at:
